Commissioners Plan To Let Contract Friday or Reject All.

Breaking of Ground May Start 10 Days After Deal Is Closed.

Bids for the paving of Townsend avenue and one block on West Seventeenth street were received by city commissioners yesterday afternoon. Only two bids, one for each of the two districts, were received. Yates and Gallimore and I. E. Hanson were bidders.

Proposition are now opened and will lay over until tomorrow after noon, at which time the commissioners will formally accept one of them or reject both. Hanson's bid is understood to be about \$4,000 less than that submitted by Yates and Gallimore. Its acceptance will depend largely upon no faults being found with it before the time provided by law which the bids must lay over has expired.

In discussing the bids, it was pointed out that the Hanson bid was about 25 percent less than the cost of the paving work recently completed on North Mississippi avenue. It is also more than a dollar per yard less than other paving projects of the city.

BIBLE THOUGHT OF TODAY

GOD WILL PROVIDE:-Take no thought saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? But seek ye first the kingdom of God, and his righteousness, and all these things shall be added unto you.-Matthew 6:31-33.

FRANCE NOT OVERARMED

There is still talk in Washington of putting American pressure on Europe to bring about land disarmament. This talk proceeds on the theory, announced some time ago by Senator McCormick, that the American taxpayer has become conscious that he is paying for Europe's military establishments. As always there is the intimation that France is holding up a settlement of Europe's debts by maintaining an abnormally big and costly army.

The French army is not now unreasonably large. Moreover, it is being reduced. Under the new military law, which shortened the conscription period to eighteen months, the army in France and on the Rhine will consist of 450,000 men, 370,-000 French and 80,000 colonials. The troops in the French possessions will number 220,000, 70,000 French and 150,000 natives. The grand total is 670,000 men. In the years before the war the grand total was 957,000.

After 1925, when the one-year conscription term goes into effect, the army in France and on the Rhine will be cut to 330,000 and the oversea forces to 170,000, giving a grand total of 500,000.

This is a moderate sized army considering France's expesed position and her almost undivided responsibility for the enforcement of the Versailles treaty. Her Rhine divisiones are the only real sanction left behind that instrument. Germany would smash it to pieces in a minute if France didn't stand the truth, the whole truth and nothguard at the gateway to the Ruhr.

WHAT MEN FEAR.

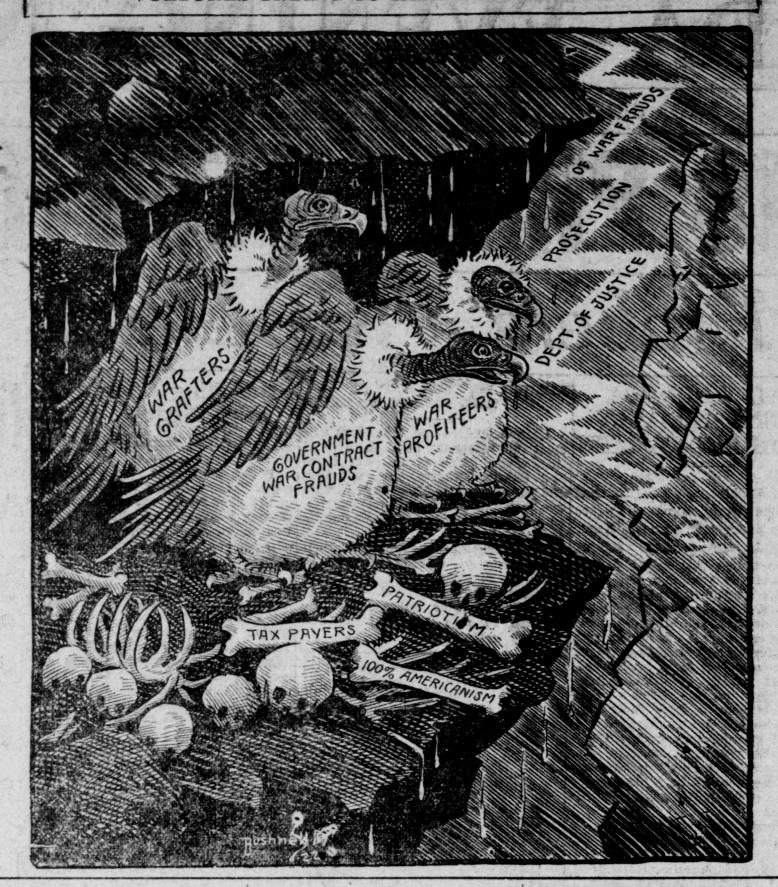

There are two things the average man simply cannot only when some purpose or other face-ridicule and having others think he is short. To laugh worthy end is to be served. But the at a man and have others join in the laugh inflicts the worst torture imaginable. Shafts of sarcasm cause him to write agony and leave their scars to plague him as long as he lives. It is related of General Butler that when defeated in the race for that "Truth has not the privilege to Governor of Massachusetts he ascribed it to a cartoon which caused everybody to laugh at him. He made the race again speaking truth does not require that and employed the cartoonist to make people laugh with him instead of at him and was elected. A laugh at or for a man likely not speaking the truth. What carries far more weight than the most ponderous philippic. When it comes to having people think he is short the average ant to all of us that we make that man is a veritable coward. He may be on the ragged edge distinction. None of us can be al of bankruptcy but for fear some one will speak of him as being short he goes right on and hastens to meet his end. Ironized Yeast Brings Amazing

Improvement in Movie Beauty

ANOTHER startling evidence of Ironized Yeast's value as a weight-builder! In a test

conducted under the supervision of a physician, Miss Dorothy Byrne, pretty artist's model and movie beauty, gains 10½ pounds—in only 22 days! Miss Byrne's measurements, taken before and after the test, are given at the left.

Results in Half the Usual Time!

The reason Ironized Yeast brings such amazing results is because it not only contains just the right amount of all three essential vitamines, but in addition contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes, and which is entirely different from the yeast found in ordinary "yeast tablets."

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly!

Make This Amazing Test

Mail coupon for the amazing Three Day Free Trial Treatment of Ironized Yeast. Then watch the results!

Note how it immediately increases your appetite and how quickly you begin putting on good firm flesh. See how quickly pimples, blackheads, etc., disappear and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. Special directions for children. Mail coupon Now!
